

Hot fresh, mineral water...

...bubbles up within the hotel grounds at an amazing 62 °C. The thermal water is cooled down to between 28 - 36° C and fed into 7 different pools. The extensive sauna village provides fragranced dry heat and steam facilities. This day spa facility is directly connected to hotel and is also open to visiting day guests. A daily health program and fitness classes are included. Relax in our „haven of peace and wellbeing“.

Bad Waltersdorf

FEEL THE FLOW OF LIFE:

Relax in the thermal water of one of the most powerful mineral springs of Austria, where 1.9 million litres of thermal water bubble from the depth of 1.200 m every day.

LIFE IN MOVEMENT

Being physically and spiritually active restores your inner balance. The 2-Thermenregion Bad Waltersdorf puts particular emphasis on sports and leisure and offers a wide range of activities that can be enjoyed here all year round.

A PLACE FOR CONNOISSEURS

Eastern Styria is well-known for its regional culinary specialities. The 2-Thermenregion therefore offers a wide variety of the finest Styrian and exquisite international specialities, ranging from heavy to light to Gault-Milau top-rated cuisine.
